Densely forested mountains, colourful Buddhist temples and sleek modern cities - discover all this and much more with this bestselling guidebook. Korea's welcoming people, unique culture and incomparable cuisine make it one of the great destinations of Northeast Asia. Whatever your pleasure, we cover it all: North, South, eats, the works!

\* BE INSPIRED by our new highlights and itineraries sections \* GET AROUND with the help of over 100 detailed maps, including a full-colour map of Seoul

\* DINE OUT in the best restaurants with our Korean menu decoder

\* UNDERSTAND - from religion to politics and war, our history and culture chapters will put you in the picture

\* GO NORTH! Check out our North Korea chapter - even stranger and more sinister than the plot of the Ian Fleming novel you bought at the airport

书评

Extremely useful guide for those who would like to plan a trip to Korea - it helped me travel around the country by myself without any difficulty.
