An inspiration for moms everywhere! </p>

"These stories made my heart smile."

-Catherine Oxenberg, actress</p>

It will change your life forever.</p>

Although you undoubtedly heard those six words many times after announcing that you were expecting, you couldn't have imagined what they really meant. And then the moment came. You held your baby in your arms and felt an outpouring of emotion like you had never known before. And just like they said, nothing was ever the same.</p>

Motherhood is a lifelong journey that's as unique as every woman who embarks on it. No other role defines us as deeply and fills us with as much compassion, or tests our strength and patience more extremely! No other relationship fills our hearts with as much love, wonder and awe for another human being.</p>

Although motherhood is a timeless calling, today's moms have unique challenges and rewards. In this book you'll learn from other mothers and seasoned grandmothers who share the universal worries, the tears and the laughs that come with the job, as well as the wisdom to help you be the very best mom you can be.</p>

These stories are for every mom, whether you're an expectant or an adoptive mom, a stay-at-home or working mom, or a grandmother watching your grandchildren grow. Share this book with any mom to remind her of the profound role she will forever play in her child's life.</p>
