This unusual and ambitious book will be welcomed by all who wish to understand exactly what anthropology is and what anthropologists do. It summarizes, compares, and contrasts the ideas of ten prominent anthropologists of the nineteenth and twentieth centuries, revealing fundamental differences in their interpretations of human behavior and in the kinds of meaning they see in human affairs.</P>

人与文化的理论 黄应贵译

黄应贵翻译的《人和文化的理论》，用词怪怪的，而且全书引文没有出处，但很多知识有长进，说明我理论功底还很差
