Have you got your wits about you? JK Rowling challenged her fans to use their wits, and her fans on the World Wide Web responded with The Plot Thickens...Harry Potter Investigated by Fans for Fans!

If you're tired of chewing on your quill alone, pondering the possibilities, then join 53 fans from 10 countries, as they investigate cauldronfuls of sly clues, using canon, logic, and old-fashioned research to shed new light on the mysteries hiding within JK Rowling's pages. Her bubbling brew of characters is still thick with suspects, even after Book 6! See what your fellow fans think about:

- * What's up with Aunt Petunia?
- * How does time travel work?
- * Whose side is Snape on? (there's a whole chapter just on the Potions Master!)

* And many other topics!

The authors have been brought together from the Mighty MuggleNet's "Chamber of Secrets" and "New Clues" forums to do what they do best: discuss the clues and hints in the Harry Potter septology. The Plot Thickens...Harry Potter Investigated by Fans for Fans is brimming with thoughts and theories on what may be one of the best-loved literary epics of all time.

*Read fascinating scrolls that delve below the surface of over 60 topics *Peer ahead to the series's possible endings *Share in bouts of speculation *Investigate with your fellow fans as they weave together the threads of this colossal mystery *Worry with them over what tragedies still await our beloved Harry

As the plot truly thickens and the series races toward its end, these author-sleuths have conjured a collection of discussions, character analyses, and theories that will hook up your fireplace flue to the busiest Brain Room outside of the Department of Mysteries!

Just like Wizarding World Press's Ultimate Unofficial Guide to the Mysteries of Harry Potter, this book can be a great starting point for those fans who want to look deeper into the series. It makes a great holiday gift for the Harry Potter fan in your life—or yourself!

Note: Major spoilers included! Do not read this unless you have read at least the first five Harry Potter books. The Plot Thickens...Harry Potter Investigated by Fans for Fans is a collection of articles by international authors--it is not the Ultimate Unofficial Guide to the Mysteries of Harry Potter: Book 5.
