The author of the perennial best-seller, Catholicism and Fundamentalism, presents here, not so much a sequel, as a supplement to the first groundbreaking work. In the first book, Keating gave a panoramic view of the attack on "Romanism" by "Bible Christians", highlighting prominent anti-Catholic individuals and organizations and discussing at length controverted doctrines. Here he presents snapshots, individualized portraits&#151;some larger, some smaller&#151;of arguments and people opposed to the Catholic faith.
