In just over five years of syndication, Calvin and Hobbes has become an American comic strip sensation - touching the hearts (and funny bones) of the millions who read the award-winning strip. One look at the new Calvin and Hobbes collection and it is immediately evident that Bill Watterson's imagination, wit, and sense of adventure continue to be unmatched. In this collection, comprised of cartoons never before published in book form, Calvin and his tiger-striped sidekick Hobbes are hilarious whether the two are simply lounging around philosophizing about the future of mankind or plotting their latest money-making scheme. Chock-full of the familiar

adventures of Spaceman Spiff, the latest findings of Dad's popularity poll, and time travel to the Jurrassic Age, Scientific Progress Goes "Boink" is guaranteed to set scientific inquiry back an ean - and advance the reading pleasure of all Calvin and Hobbes fans.
