## Book Description

Céline Dion has long been one of the world's most admired performers. Her unique blend of brilliant talent and an unstinting willingness to share her life has defined her career in the public eye. With new interviews and special memorabilia, Céline Dion: For Keeps will invite her fans to get to know the professional and personal parts of her life as never before.

Céline Dion is a very special collection: a combination of memoir, personal scrapbook, and looking glass into one of the world's most admired lives. Drawing heavily from Céline's personal archives and those of her husband and longtime manager, René Angélil, this book focuses on the key elements of her life, including her family, career, inspirations, courtship and marriage to René, show business hiatus, son René-Charles, and plans for the future-everything that makes her who she is.

Produced in the successful and stylish format of last year's The Sinatra Treasures, each of Céline Dion's chapters will include removable facsimiles of favorite mementos, stored in vellum envelopes. Everything from Céline and René's love notes and family photos to special letters and her wedding program can be examined and admired in detail. This is a remarkable opportunity to share in the unique and vital life and career of Céline Dion.
