出版时间:1997-9-1

装帧:Paperback

isbn:9780253210678

o ...one of Heidegger's most important and extraordinary works...indispensable for anyone interested in Heidegger's thought as well as in current trends in hermeneutics, ethics, and political philosophy. O N Interpretation o Kant and the Problem of Metaphysics is among the most important readings in this century of Kant's Critique of Pure Reason. This authoritative English translation will play an important role in determining Heidegger's reputation in the coming years. O N Choice o Heidegger's interpretation of Kant remains a challenging way to address the issues that both Kant and Heidegger saw as crucial...In reading [Kant and the Problem of Metaphysics] we can struggle with some basic issues of human existence in the company of two great minds. O N International Philosophical Quarterly Since its original publication in 1929, Martin Heidegger's provocative book on Kant's Critique of Pure Reason has attracted much attention both as an important contribution to twentieth-century Kant scholarship and as a pivotal work in Heidegger's own development after Being and Time. The work is significant not only for its illuminating assessment of Kant's thought but also for its elaboration of themes first broached in Being and Time, especially the problem of how Heidegger proposed to enact his destruction of the metaphysical tradition and the role that his reading of Kant would play therein.

本学期重点书目

entdeckender und verdeckender Genius (Husserl, 1970, 52)

存在与现象的问题由形上学导出。前海则论object，后海则论things。

就是low逼的文化，我们自己脚没站稳动机没摆正，少数在燕园周围的新一代开始摆正站位，但没有劈砍的饱满，人比原子弹滚烫比屠杀坚硬比宇宙更空旷，以此来坚硬的宣告对西方泛滥一种统摄的震响
