DANNY PORTRAIT OF A SURREAL KILLER

Danny's not sad and lonely any more because Danny's got 'the voices'. Well, one voice. It's the voice of his dog, Demolition And the dog's told him things. Like how to adjust the bar-code reader in the shop where Danny works so that he can read the lines on people's palms and see what they're thinking. And which small ads in the comic books to send off to so Danny can become irresistible to women, bend others to his will, gain vital inches and fear no man living.
