出版时间:1992-05

装帧:Paperback

isbn:9780851703169

84 b/w photographs Derek Jarman's widely acclaimed Edward II reworked Christopher Marlowe's original 1594 play for the 1990s. Queer Edward II is a poetic commentary on the making of this luscious film-a lavish book that leaves no holds barred and brings the film to life with luminous stills from the set.
