The untold story of one of the most powerful biker criminals in North America

At only 5 feet 5 inches, Hells Angels President Walter Stadnick is a living, breathing Napoleon for the hell-for-leather set. During his ten-year reign in the 1990s, he led the Angels through violent turf wars in Quebec and expanded the gang’s empire into Ontario. Fallen Angel details his improbable rise to power and eventual conviction for gangsterism, while escaping murder charges;shedding light on how one of the world’s most enigmatic and dangerous biker gangs operates and why it remains so powerful.

Jerry Langton (Toronto, ON, Canada) has written for New York’s Daily News and Canada’s Globe and Mail and the Toronto Star.
