出版者:人民卫生出版社

出版时间:2001-8

装帧:精裝本

isbn:9787117043854

The aim of the author of this work has been to produce, in a volume of convenient size, an up-to-date Medical Dictionart, sufficiently full for the various requirements of all....

The book does not claim to be an encyclopedia; it is a dictionary, a concise and convenient word-book, aiming to furnish full definitions of the terms of medicine and kindred branches.... The author has sought a middle course between the large, unwieldy lexicon and the abridged students dictionary, avoiding the disadvantages of each.
