Looking for the best and the brightest new professionals? Look no further than Graphis New Talent Design Annual 2007, the only international forum for the year's best globally produced student work. The Annual provides talented students the recognition and exposure they deserve, showcasing the freshest, most innovative examples of advertising, branding, illustration, product design and more. Detailed indexes and full credits for the students, schools, and teachers represented make this an indispensable reference for every design and advertising professional.
