出版者:McGraw-Hill

出版时间:2004-10

装帧:Pap

isbn:9780071416375

Succinct and comprehensive, this book provides students with an overview of the principles and concepts of epidemiology and illustrates the complementary relationship between population-based science and the care of patients. Thoroughly

updated, this new edition features epidemiologic implications of bio-terrorism, "Patient Profiles" within each chapter, and USMLE clinical vignettes within the "Study Question" section of each chapter.
