出版者:McGraw-Hill

出版时间:2000-04-01

装帧:Paperback

isbn:9780658003981

Brain Allergies explores links between environmental substances (foods and chemicals), infections, and nutritional deficiencies and inflammation of the brain and behavioral dysfunction. This fully updated second edition includes information on the healing powers of vitamin C, amino-acid therapies for degenerative diseases, nutrition and autism, and how "supernutrition" may prevent brain disease.
