First aid for the USMLE Step 2 says...B+ rating. 'Good overall review questions on high-yield topics make it well-suited for focused specialty review. Good buy for the number of questions'. Here's what a student has to say: 'Excellent book...A very good

book for USMLE Step 2...Questions in this book are similar to the real exam, especially the matching questions.' - online review of previous edition. Exceed Expectations on the USMLE Step 2. Ensure that your real test is not your first test. It is practical, effective, comprehensive, authoritative, and up-to-date. It offers the best preparation available for USMLE Step 2. This book features: more than 1000 exam-type questions with detailed rationales for both right and wrong answers; two comprehensive practice exams; and, subject-specific chapters for the most targeted preparation possible. It covers obstetrics and gynecology, pediatrics, internal medicine, surgery, psychiatry, and preventive medicine.
