著者:Murtagh, John

出版者:McGraw-Hill Book Company Australia

出版时间:2004-10

装帧:Pap

isbn:9780074714980

This well established, thoroughly updated medical title is a collection of patient education sheets on common medical conditions, written in simple, non-technical language for GPs to distribute to patients. This new edition will contain between 40 to 50 new conditions, covering such topical issues as meningococcus and anthrax. It is completely updated throughout based on current medical regulations and medical research.
