Dividends are king in today's uncertain stock market, with more investors every day looking to add the stability and long-term performance of dividend-paying stocks to their portfolios. "All About Dividend Investing" takes a clear-eyed look at this new environment, and then provides a comprehensive, step-by-step dividend-investing approach designed to reduce short-term risk while maximizing long-term growth. This timely book introduces popular methods for screening dividend-paying companies, explains how the new tax laws will affect corporate policy and investor behavior, and more.
