This title is useful for when you need the right word in Spanish - fast. At the office, on the road, or in the school room, no portable Spanish/English dictionary offers you more of what you need in order to understand or be understood than "Vox Super-Mini Spanish and English Dictionary". An extraordinary bargain at the price, the fully-revised edition of this bestselling reference is unsurpassed for comprehensiveness, readability, and ease-of-use. Small in stature yet grand in scope, this little powerhouse more than earns its appellation of "super" by providing you with: clear, concise definitions of thousands of the most useful words; clearer typography for improved readability and easy of use; and, updated coverage of contemporary Spanish language for the twenty-first century.
