著者:POWELL

出版者:McGraw-Hill

出版时间:2004-6

装帧:

isbn:9780072253573

Create dynamic, interactive Web pages with the latest upgrade to this flexible development tool. Coverage includes event handling, object oriented programming, IE specific content, XML, and sample code that lets you work through projects and provides groundwork for your own creations. The book provides information for new and non-professional developers and also more advanced coverage for experienced JS developers who want a comprehensive reference.
