isbn:9780071448864

"Up to Code: Carpentry and Framing Inspection Notes" is an on-the-job 'cliff notes' resource, packed with information that will save time and money while ensuring quality. To-do checklists, charts and tables with at-a-glance calculations, who's-responsible-for-what info, and diagrams that clearly illustrate complicated information make it fast and easy for busy building professionals to do their jobs thoroughly and efficiently, and avoid costly mistakes. The books help building pros establish and meet inspection guidelines, and provide clients with schedules and specifications. Each of the "Up to Code: Inspection Notes" is focused on the IBC (International Building Code), the most widely adopted building code in North America. Carpentry and Framing will also focus on information from the EWA (Engineered Wood Association), and the International Energy Conservation Code, International Fire Code, and ICC Performance Code. Each guide covers: Responsibility; Authority; Quality Control and Assurance; Plans and Specifications; Shop Drawings; Inspectors Daily Report; Pre-Construction Meeting; Equipment Proposal; Claims; Progress Schedules; Labor Enforcement; Storage of Materials; Contractor's Payment; Rights-of-Way; Record Drawings; Project Turnover; Inspection Files; Recommended Equipment; Inspection; and, Safety.
