isbn:9780072231373

This book covers all aspects of the laptop including software, peripherals, networking, and routine maintenance and upgrades. With a huge audience, Sony is expected to sell 3 to 3.5 million laptops in 2003 according to CMP. Customers who buy Sony products don't skimp - they're willing to spend the extra money for top-of-the-line items,

peripherals, accessories and books! This book explains how to make the Vaio a multimedia hub by connecting the laptop to a digital camera, home stereo, and TV.
