

Appleton and Lange's Outline Review, Clinical Chemistry

[Appleton and Lange's Outline Review, Clinical Chemistry_ 下载链接1_](#)

著者:Robert H Christenson\Linda C Gregory\Lisa Johnson

出版者:McGraw-Hill/Appleton & Lange

出版时间:2001-3

装帧:Pap

isbn:9780070318472

This is the first book in a series that serves the dual purpose of preparing students of

CLS programs for certification exams and giving cross trainingskills to established clinical lab scientists who now find themselves calledon to work in other areas of the lab. This book uses a building blockapproach to convey the material in a logical fashion. Starting with anoverview of medicine and the medical laboratory's relationship, the textproceeds to the diagnostic value of those analytes normally associated withclinical chemistry, on to technologies of analysis, quality assurance, andstatistical analysis of laboratory data. A&L Outline Review of Clinical Chemistrymakes it easy to optimize your study sessions anduse your time efficiently, and helps you quickly locate key concepts. ThisPREP guide provides pretests to help you identify areas for extra attention,and gives you what you need to know in an easy-to-remember format, packedwith study-enhancing devices such as illustrations and learning objectives.
