著者:Maurice Victor

出版者:McGraw-Hill Professional

出版时间:2001-12-10

装帧:Paperback

isbn:9780071373517

This book offers an at a glance summary of the clinical portions of its market-leading parent text. Its key features include: authoritative guidelines for diagnosis and treatment referenced to Adams & Victor's "Principles of Neurology, 7/e", new tables, algorithms and charts that make the book a quick reference for all neurologic clinicians, and the most current information in the rapidly changing area of neurology, such as stroke, Parkinson's and Alzheimer's.
