This is the only Spanish conjugation resource you'll ever need. To master speaking and writing Spanish, you have to be comfortable using its verb system. Unfortunately for

many language learners, however, verb conjugation is a major roadblock in their pursuit of Spanish-speaking confidence. If you are one of these learners, "Spanish Verb Drills" is here to help by allowing you to overcome these obstacles so that you can confidently use verbs when expressing yourself in Spanish. Whether used as a textbook supplement in a Spanish language course or as a self-study text for learning and review, "Spanish Verb Drills" will simplify the complexities of this crucial area of Spanish language studies. This comprehensive book features: numerous exercises that demonstrate how the Spanish verb system works; regular chapter reviews called "Repasos" to reinforce your learning; and, an answer key to give you immediate clarification on any concept. New to this edition, a final unit that sums up all the verb tenses covered so you can select the correct verb form any time you speak or write Spanish - something not covered in other verb books. Because of its concise explanations and abundant exercise material, you will find "Spanish Verb Drills" a source of unparalleled knowledge and intensive practice that you can use in the classroom or on your own. You'll find you are less intimidated by verb conjugation and, instead, see your confidence in your Spanish skills grow. Topics include: regular verbs in the present, imperfect, preterit, future, and conditional of the indicative mood; compound tenses of the indicative mood; the simple and compound tenses of the subjunctive mood; reflexive verbs; stem-changing verbs; orthographic-changing verbs; and, irregular verbs.
