isbn:9780072125665

-- Huge audience -- this book will appeal to those who bought SQL Server 7 Developer's Guide, a 25,000+ copy best-seller

-- The use of stored procedures is a required step for SQL Server developers -- this

book completely addresses all aspects of use, from A-Z

-- This will be one of the first books on the market to focus solely on this topic

-- Expert author -- Sunderic writes for SQL Server Professional, Visual Basic Programmer's Journal, and other industry journals
