This package contains an activity book that is full of puzzles and games, such as dot-to-dot, matching, word search, finding hidden objects and spot the difference. These activities incorporate essential words and phrases for the beginning learner,

including saying one's name and age, counting, family names, clothing and groceries. A 60-minute CD follows the book and provides pronunciation help for all the French words and phrases presented. The narrator offers speaking and listening exercises. Additional notes to accompany the recording (for parents and children who want to see the written form of new words introduced on the audio) appear on the inside cover of the package.
