A wonderfully diverse volume of compelling stories showing the richness, depth and variety of Stephen King's highly-acclaimed storytelling. The collection will include enthralling masterpieces such as LT's THEORY OF PETS, IN THE DEATHROOM and 1408; classic tales of supernatural and psychological terror and tales of everyday life with unexpected and brilliant twists such as AUTOPSY ROOM FOUR. It will also contain the highly publicised RIDING THE BULLET, only previously available as an ebook. The stories are new or have only been published as audio books, in magazines or limited book collections.
