Market leading text by a wide margin. Highly readable, respected authorship. Concise and streamlined but retains middle of the pack rigor. First book to cover growth early, but recently has added more on short run models. Plethora of case studies - 4 to 5 per chapter.

作者介绍:

N. GREGORY MANKIW is a Professor of Economics at Harvard University, USA. He began his study of economics at Princeton University, where he received an AB in 1980. After earning a PhD in Economics from MIT, he began teaching at Harvard in 1985 and was promoted to full professor in 1987. Mankiw is a regular participant in academic and policy debates.
