Footprint India shows travelers how to get the most from this increasingly popular destination, with the best sights, accurate travel information, and authoritative background material. India's unparalleled variety is explored in detail, from snowfields, deserts, beaches, and backwaters, to the Red Fort, the Golden Temple, and the Blue Mountain Railway. Covering both the "must-see's" and the hidden gems, Footprint India features North India (Delhi, the Himalayas), East India (Calcutta), South India, West India (Bombay, Goa), and much more. Heavily revised, this new edition emphasizes readability and accessibility, with two-color print throughout and a dramatic introductory color section.
