isbn:9781594510038

The year 2003 was the 100th anniversary of the birth of George Orwell, one of the most influential authors of the twentieth century. In this book essays by prominent writers and scholars explain why his impact continues in a world much changed from his own. The essays explore new aspects of Orwell's life and work and his continuing relevance for the interpretation of modern social, political, and cultural affairs. Thematic topics include: the use and abuse of 1984; ideas, ideologues, and intellectuals; biography and autobiography; literary and stylistic analyses; and the reception of Orwell's work abroad. The volume is an ideal secondary source for those who continue to be influenced by Orwell's insights and for teachers of Orwell's work.
