装帧:Paperback

isbn:9781582972770

2005 Photographer's Market provides photographers with the key guidelines they need

to sell their work and build a career. This updated edition provides:

- *2000 listings covering every possible opportunity, including magazines, stock agencies, ad firms, book publishers, newspapers, businesses and galleries

- *Fresh business advice, from the latest developments in the stock photography market to new information on how to break into book publishing markets

- *Insider advice from a variety of experts, including Pulitzer prize-winning photojournalist John Kaplan and innovative advertising photographer Chip Simons

This is the essential market guide for aspiring and professional photographers everywhere.
