Why Forgive? brings together incredible, true stories of ordinary people scarred by

violence, who refused to let hatred control their lives. Together they create an irrefutable testimony to the power of forgiveness, one that will challenge, inspire, and encourage others wherever they are on the road to healing. Unlike other books on the subject, Why Forgive? doesnt preach or theorize. Instead, Arnold offers easily understood real-life accounts in which people who have earned the right to talk about forgiveness speak for themselves.
