The multi-million-copy bestseller that coined the phrase for tragic American blunders abroad. First published in 1958, *The Ugly American* became a runaway national bestseller for its slashing expos of American arrogance, incompetence, and corruption in Southeast Asia. Based on fact, the book's eye-opening stories and sketches drew a devastating picture of how the United States was losing the struggle with Communism in Asia. Combining gripping storytelling with an urgent call to action, the book prompted President Eisenhower to launch a study of our military aid program that led the way to much-needed reform.

评论

相当中肯的建立殖民地手册。

public diplomacy 课上的读物 啊 一晃都7年了

a great overview of U.S. foreign service in the 1960s, attractive book,

The ugly

American。书出版后，美国就根据此书立法，下决心改正，以免再次范错。接着日本人也出版了丑陋的日本人，政府觉得一派胡言，不愿承认错误。再接着台湾人写了丑陋的中国人，被中国政府禁止出版。还不够狠，还把作者关入监狱好多年。读过丑陋的中国人，越读越气！公交车里，美国人看到我在读丑陋的美国人，对方说：That's me！然后大笑~一点也没被冒犯到的意思，我开始还怕题目会冒犯到他们呢~

美国史的课后作业。对形容词的使用很有意思，虽然我更喜欢描写“真实”故事的，而非小说

Well-written factual fiction about what was wrong with US policy in Asia during the cold war. Later pushed change in US foreign policy

冷战历史课读的，作为文学作品我分析不来，但是历史和政治意义巨大
