出版时间:1999-04-15

装帧:Paperback

isbn:9780964723337

This is an update to Relational Business System's popular Learning Oracle books on using the Oracle Corporation's GUI Development tools and the concepts and techniques programmers need for building Oracle applications. It is a tutorial on the use of the tool Form Builder 5.0. It gives the reader a step-by-step tutorial in creating forms and using the GUI features of Form Builder. Both form creation and graphical enhancement are covered.
