出版时间:2005-06-22

装帧:Paperback

isbn:9780131880542

National Instruments LabVIEW is the leading graphical development environment for science and engineering with built-in functionality for simulation, data acquisition,

instrument control, measurement analysis, and data presentation. The LabVIEW 7 Express Student Edition delivers all the capabilities of the professional version of LabVIEW, widely considered the industry standard for test, measurement, automation, and control. LabVIEW is an ideal tool for science and engineering education that is also fun to use! Features of the LabVIEW Student Edition Software: NEW Express VIs that bring interactive, configuration-based application design for acquiring, analyzing, and presenting data NEW interactive measurement assistants and a redesigned NI-DAQ driver that make creating data acquisition and instrument control applications faster and easier than ever (see additional driver CD) Full LabVIEW advanced analysis capability, including 13 new analysis Express VIs and over 400 native analysis and signal processing functions Full compatibility with all National Instruments data acquisition and instrument control hardware The LabVIEW 7 Express Student Edition is available to students, faculty, and staff for personal education use only. To obtain a copy of LabVIEW for use in a research or instructional laboratory, please contact National Instruments. Learning with LabVIEW 7 Express by Robert H. Bishop is also sold separately.
