A comprehensive, inquiry-based approach to biology "BSCS Biology: A Molecular Approach (Blue Version)" challenges gifted and honor students to think scientifically, to integrate concepts, to analyze data, and to explore complex issues. This research-based program, developed with funding from the National Science Foundation, supports an inquiry approach to biology. It provides students with the

background information needed to ask their own research questions and to conduct their own investigations. Over 60 in-text labs create positive opportunities for students to engage in inquiry learning.
