A modern nation in a state of total disorder, Colombia is an international flash-point - wracked by more than half a century of civil war, political conflict, and drug-trade related violence - despite a multibillion dollar American commitment that makes it the third-largest recipient of U.S. foreign aid. "Law in a Lawless Land" offers a rare and penetrating insight into the nature of Colombia's present peril. In a nuanced account of the human consequences of a disintegrating state, anthropologist Michael Taussig chronicles two weeks in a small town in Colombia's Cauca Valley taken over by paramilitaries that brazenly assassinate adolescent gang members. Armed with automatic weapons and computer-generated lists of names and photographs, the paramilitaries have the tacit support of the police and even many of the desperate townspeople, who are seeking any solution to the crushing uncertainty of violence in their lives. Concentrating on everyday experience, Taussig forces readers to confront a kind of terror to which they have become numb and complacent.

最后的a view from the outside 还不是回到了传统的范式
并且用了大量的数据来说明violence 感觉是对之前批判的push
back。另外这种routinization of everyday violence 真的不会创造对于暴力的麻木么
不造
