THE MOST EAGERLY AWAITED ENTERTAINMENT SYSTEM OF ALL TIME!

It's been called "the future of entertainment" -- an electronic system that combines the best of gaming with web and DVD-playing capabilities. Released in Japan in March 2000, the Playstation2 has already sold more than two million units, with projected sales of ten million units worldwide by March 2001.

In The Secrets of the Playstation2, you'll learn from a gaming industry insider about the hottest system ever released -- its capabilities, its software, the types of games being developed to best take advantage of its graphics engine. Plus you'll profit from knowledge of the early experiences of Japanese fans of this machine and learn how to get the most out of the system before you buy it.
