Peter Han cofounded a software company soon after college and sold it a few years later. By any measure he was already successful, but he still was curious about how others found long-term meaning in their work. So he set out to learn what a diverse group of influential "somebodies" had done back when they were still "nobodies."

Nobodies to Somebodies is based on Han's interviews with one hundred fascinating people who figured out how to find and pursue big opportunities. They span a wide range of fields, including politics (former Senator Bill Bradley), business (Reebok CEO Paul Fireman), acting (John Lithgow), activism (Sierra Club president Larry Fahn), writing (Tom Clancy), science (Nobel Prize physicist Anthony Leggett), and the nonprofit world (Teach for America founder Wendy Kopp).

Han synthesizes fourteen big lessons that anyone can apply, including:

- Pay the rent first, conquer the world later
- Become the big fish by mastering the small pond
- Learn when to stay and when to go

Nobodies to Somebodies blends inspiring stories with the proven wisdom of one hundred somebodies who haven't forgotten what it was like to be nobody.

看全英文的还是有些速度不过瘾，未通读

书的内容其实一般，不过100个名人的成功经历和作者的一些观点还是很有参考价值的。我比较喜欢的是作者写这本的原因，Peter在很年轻的时候就创办了一个软件公司并且被收购，也因此陷入了一段迷茫期，于是决定采访100个great leaders去发掘他们的成功经历与心得，并且为自己的迷茫寻找答案。不过说回来每个人的故事都是不可复制的，我很喜欢story telling，尤其喜欢听别人讲自己的故事，也参加了很多波士顿地区的分享会，收获很多。
