WHEN THE WIND BLOWS, the most brilliant and original "what if" suspense novel to come along in a decade, has somehow surpasses the page-turning chills of James Patterson's megabestsellers CAT & MOUSE and KISS THE GIRLS.

Frannie O'Neill, a young and talented veterinarian whose husband was recently murdered, comes across an astonishing discovery in the woods near her animal hospital. Soon after, Kit Harrison, a troubled and unconventional FBI agent, arrives on Frannie's doorstep. And then there is eleven-year-old Max -Frannie's amazing discovery - and one of the most unforgettable creations in thriller fiction.

WHEN THE WIND BLOWS will not just thrill readers. It will make their imaginations soar.
