<HTML> Get artistic inspiration and practical, step-by-step examples in one book: The Painter 6 Wow! Book. Over 100 of the world's most accomplished Painter artists contributed stunning, full-color artwork, accompanied by detailed techniques, helpful tips, and expert tricks on how to re-create the effects you see. It's the ideal companion

for fine artists, designers, photographers, and illustrators who use Painter to work in print, multimedia, and on the Web.

Thoroughly updated, The Painter 6 Wow! Book explores the major new features of the program: its streamlined interface, enhanced integration with Photoshop, easier export to page-layout programs, and more realistic natural media. It also includes expanded chapters on Web graphics and printmaking, a revised chapter on painting using the new high-performance brushes, and a brand-new chapter on special typography effects, geared toward designers. The CD-ROM is loaded with custom tools, stock photos and video clips, demo versions of MetaCreations and Adobe programs, and much more.
