35th Anniversary Edition with new Text and a New Preface by the Author! Long ago, the Tripods -- huge, three-legged machines -- descended upon Earth and took control. Now people unquestioningly accept the Tripods' power. They have no control over their thoughts or their lives. But for a brief time in each person's life -- in childhood -- he is not a slave. For Will his time of freedom is about to end -- unless he can escape to the White Mountains, where the possibility of freedom still exists.
