isbn:9780521243346

This volume of The Cambridge History of China considers the political, military, social, and economic developments of the Ch'ing empire to 1800. The period begins with the end of the resurgent Ming dynasty, covered in Volumes 7 and 8, and ends with the beginning of the collapse of the imperial system in the nineteenth century, described in Volume 10. Ten chapters elucidate the complexities of the dynamic interactions between emperors and their servitors, Manchus and non-Manchu populations, various elite groups, competing regional interests, merchant networks and agricultural producers, and rural and urban interests, and, at work among all these tensions, between old and new. China under the Ch'ing dynasty changed, and this volume presents these changes underway in the period prior to the advent of Western imperialist military power.

作者介绍:

目录: 1. State building before 1644 Gertraude Roth Li  
2. The Ch'ing conquest under the Shun-chih reign Jerry Dennerline  
3. The K'ang-hsi reign Jonathan Spence

## 评论

最喜欢乾隆时代那一章，现在很多人想起乾隆，就只会想起他那糟糕的审美，那恶心的印章，想起他下江南，然而，这种刻板印象无疑忽视了很多乾隆执政的成就与失败。其次，经济一章也有意思，我没有细读，但总结来说，首先，清的商业发展比明的好，所以明粉也别大骂清误你中华，扼杀资本主义萌芽了。其次，所谓资本主义萌芽就是伪命题，明清的商业发展，还是在传统农业的范畴能打转罢了
