Get that snail out of your system

"In these pages, you'll find all kinds of tips, tweaks, hacks, and configuration settings that should help you regain some speed control over Windows XP. I'll also show you

how to get rid of the clutter and junk that Windows XP picks up over time..."

—Curt Simmons

When everything seems like slow motion, it's time to call in PC Magazine's favorite system doctor

You have to clean out most things after you use them for awhile. Why should your PC be any different? This indispensable book shows you exactly how to turn that snail into a cheetah by unloading the junk that Windows XP has collected, turbo-charging your system for faster response, cleaning up the Registry, and using all the safeguards provided in Service Pack 2. Just don't be surprised if your PC is faster than on the day you brought it home.
