

# Eating Up Italy

[Eating Up Italy\\_ 下载链接1](#)

著者:Matthew Fort

出版者:Centro Books

出版时间:2007-09-25

装帧:Paperback

isbn:9781933572024

Fort examines Italy through its food and the people who produce it. He discovers a land where regional differences are still alive and uncovers the rich connection between history, tradition and cuisine. The enticing sum of these parts--the food, producers, ingredients, consumers and eating occasions--is nothing less than a contemporary portrait of the country.
