Guaranteed to delight those of all ages, the Laugh at Life 2007 Calendar is a work of art with a big heart and sly humor. Whimsical and full of surprises, this calendar is the perfect gift for those young and old.

Based on the author's books, Furry Logic, Furry Logic Parenthood, and Laugh at Life. Each watercolor painting is meticulously detailed and beautifully drawn with a sable brush of a single hair. Thoughts such as, "Every time I hear the word 'exercise,' I wash my mouth out with chocolate" go a long way toward banishing the blahs and shaking off the blues.</p>
