Accounting Principles provides the most complete guide available to help

professionals sharpen their accounting and business skills. This unique reference features a logically structured framework that details accounting practices step-by-step, as well as all the newest innovations in the field. This new edition includes a complete copy of the Land's End Annual Report, which the authors have integrated throughout the text. New e-Business Insights describe how e-business technology has expanded the services provided by accountants. This book provides glimpses into the real world of business--including Ethics, Insights, International Insights, e-Business Insights, and Business Insights.
