In a German Pension is a remarkable collection of short stories, displaying all Katherine Mansfield's skill in the genre. Foreword by Linda Grant.

Written shortly after the author visited Germany as a young woman, these short stories form a series of satirical sketches of German characters. From a young wife's

preoccupation with her husband's stomach, to a society lady's inability to see beyond the latest fashion, Katherine Mansfield depicts, in exquisite detail, the minute changes of human behavior. In a German Pension reveals her as a true disciple of Chekhov. A key figure in the Modernist movement, Katherine Mansfield (1888–1923) is most remarkable for perfecting the art of the short story.

评论

前几个故事比较好看，尤其是女爵士的，非常讽刺

平庸的作品。说实话不值得读。后面几个故事更好看一点。有一篇和契诃夫的《渴睡》一模一样。
