出版时间:1999-07-01

装帧:Hardcover

isbn:9780811825313

The publication of Dancing with Cats represented a brave leap forward in the history of

human-feline relations, prompting thousands of people and cats the world over to make cat dancing a part of their lives. Now, Chronicle Books is offering dancers of the two- and four-footed varieties even more ways to spread the joy and incorporate the spirit of cat dancing into their daily lives. Because there is more than one way to dance with a cat.
